

Housing 21 Local Accredited Contractors List for repairs and term contractors (Below threshold)

- Aiming to enhance information transparency for residents
-

Updated April 2026

Introduction

Housing 21 operate a devolved, procurement model which means local accredited contractors are sourced annually via a quote process. These services tend to be for general building maintenance, such as gardening and window cleaning etc.... and for ad hoc repairs. Decision making processes are led by individual Local Housing Managers and supported by residents

		Page number
Table 1	'Term Contractors' such as Window cleaners, cleaners, gardeners	1-26
Table 2	Occasional ad hoc repair work e.g. electrician's plumbers, etc...,	27- 45

These contracts are very low value, and most contracts are seasonal.

Housing 21 has approximately 700 Courts.

This list may be subject to change and is reviewed twice a year.

For all related enquiries please contact:

procurementteam@housing21.org.uk

Summary Note:

Other Ad hoc small works or other services between £30,000 and the UK Threshold level are supported by individual Public Notices, as set out in public procurement Act 2023 Section 87 and are not included in these lists

Table 1- 'Term Contractors' such as Window cleaners, cleaners, gardeners etc.....
